*Common Core State Standards (Reading: Informational text): RI.2.3*

## **Answers**

**1** in the glossary on page 30

**2** meat and plants

**3** it could reach leaves high up in trees; it is described as a "giant."

**4** it made a nest to keep them safe; it fed them; it stayed close to protect them from predators.

**5** "Good mother lizard." Answers will vary, but probably yes, because it took good care of its babies.
