

# TEKNACK 2K23

**24<sup>TH</sup> FEBRUARY, 2023**

# ABOUT US

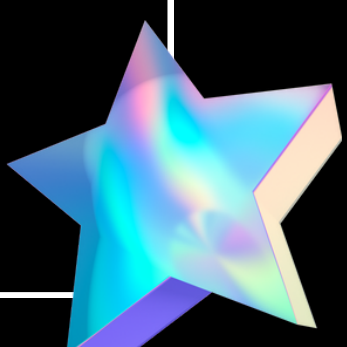

Teknack, an event organised by the ACM-DBIT chapter, has been a source of inspiration and creativity for students since its inception in 2003.

Over the years, it has grown to become an exciting and thrilling gaming event, attracting participants from DBIT and other colleges alike.

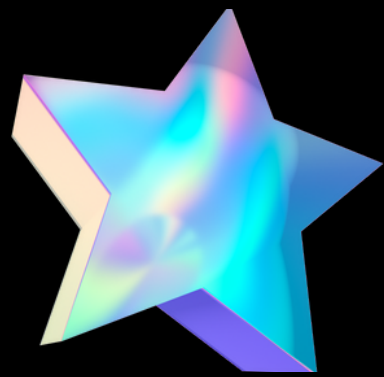

Teknack provides a unique platform for students to showcase their technical skills and creativity in game development. It is a battlefield where young minds come together, exchange ideas, and push the boundaries of game development to create innovative and engaging games.

These games leave a long lasting impression on players and give them great memories of the event.

# JOURNEY OF TEKNACK

## **Teknack Game Developers Registration:**

12th September, 2022 to 29th September, 2022

## **Induction Meeting:**

2nd October 2022

## **Unity Engine Workshop:**

7th & 8th October, 2022

## **Ideation Meeting:**

15th, 16th & 17th November, 2022

## **Game Development Time:**

18th November, 2022 to 11th February, 2023

## **Final Progress Review:**

27th January, 2023

## **Publishing games on Google Play Store:**

12th February, 2023 to 18th February, 2023

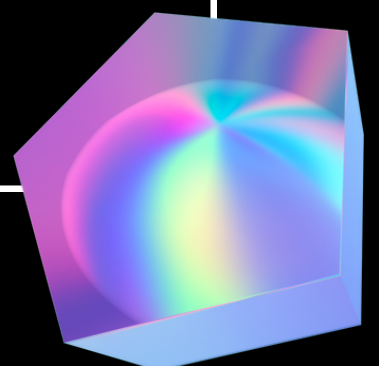

## **Valorant (Pre-event):**

22nd February, 2023

## **Teknack Main Event:**

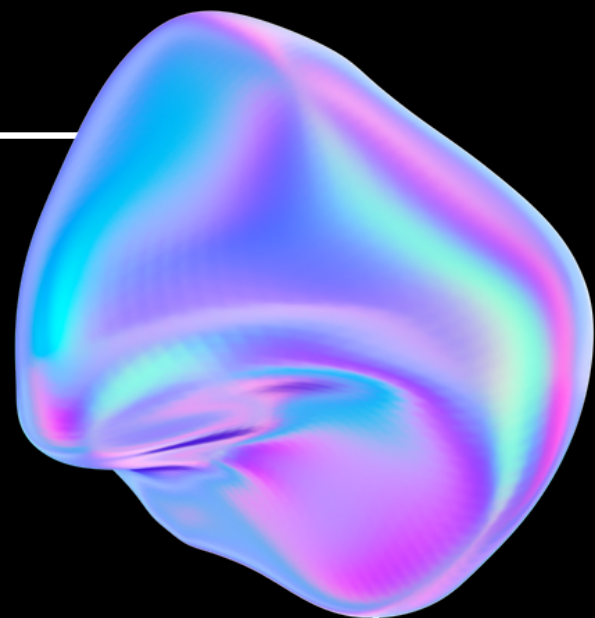

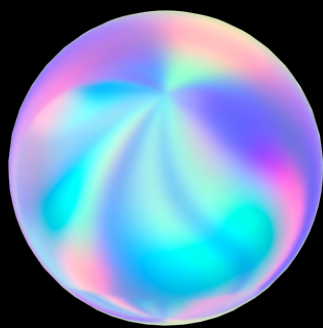

24th February, 2023

- **Inaguration** : 9AM
- **Game Exhibition** : 10AM
- **Stumble Guys Tournament** : 2PM
- **Felicitation** : 4PM

## TEKNACK' 23 PASSPORT

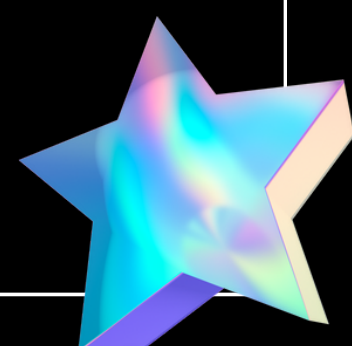

This year to take Teknack'23 to new heights and to encourage participation and engagement from attendees a new initiative was taken.

Teknack - a gaming event that has always been a huge hit with students and developers alike. But what made Teknack 23 stand out was the introduction of the Passport.

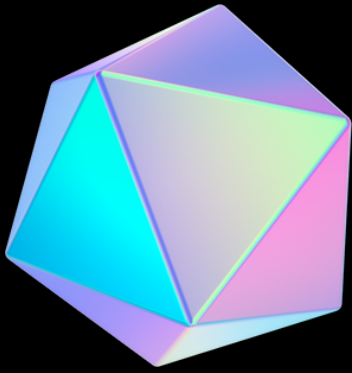

The passport offered participants a truly immersive and engaging experience. It was a guide that detailed all the games developed by the various game developers present at the event. It had details about the name of the game, developers and a short description about it.

But that wasn't all. The Passport was also a key to unlock exciting electronic prizes. Participants were encouraged to collect stamps from all the games listed in the passport. Those who collected all the stamps were eligible to spin the wheel and win amazing electronic prizes worth Rs. 25K. The prizes were limited but that only added to the excitement of the event.

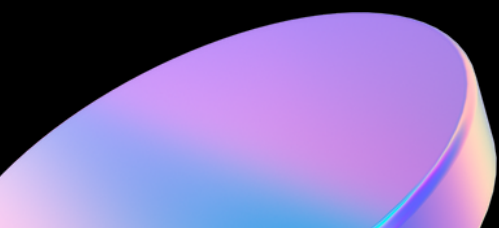

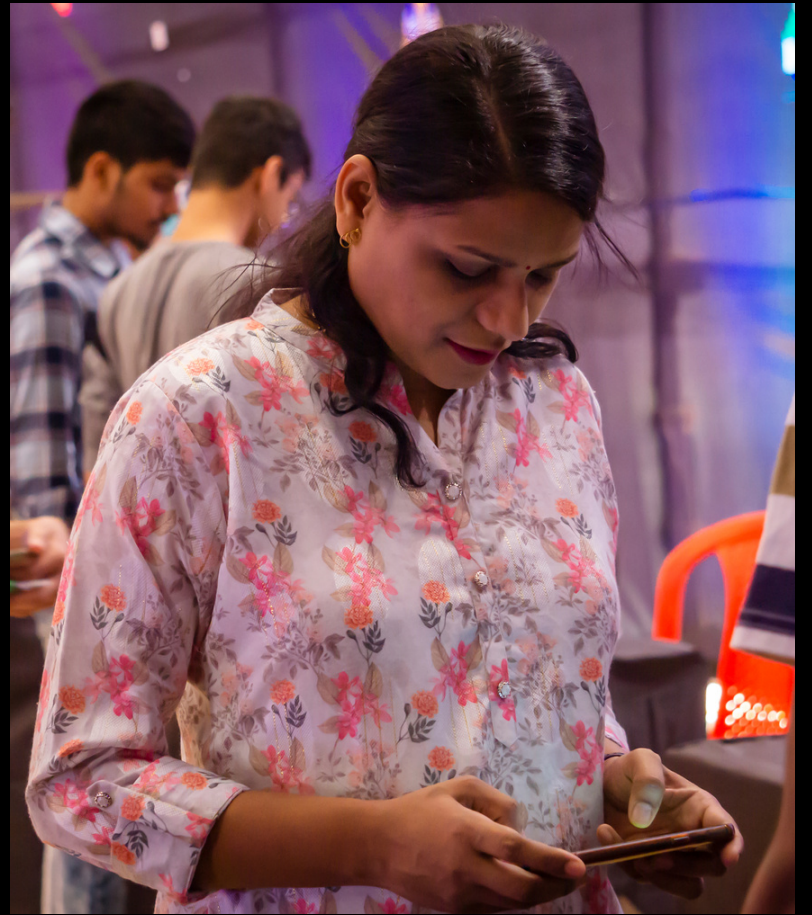

Overall, the concept of collecting stamps and unlocking prizes added a whole new dimension to Teknack 23.

WINNERS

# AWARD CATEGORIES

## **Best Game UI**

Awarded to the game with the best overall ui, consistent interface , and an environment that is appealing to the end user.

## **Best Gameplay**

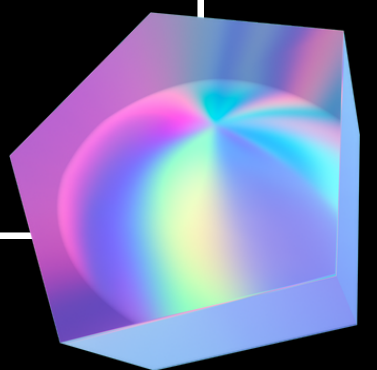

Awarded to the game with least glitches, smooth gameplay and animations, Fluid navigations between scenes and button clicks, proper gameplay mechanics and controls, and overall execution.

## **Best Game Concept**

Awarded to the game with the best concept which is unique but at the same time should be designed and planned well with best execution.

## **People's Choice Award**

Winner to this award is chosen by the audience. This award is decided by a 50-50 rule. 50% Downloads on Play Store. 50% Likes on Instagram.

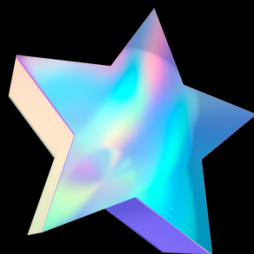

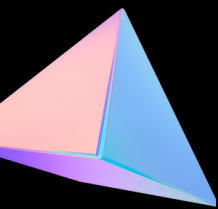

# CRITERIA FOR AWARDS

Every game published on Google PlayStore was played and rated by our esteemed jury on a scale of 1 to 20 for the different award categories. An average score of the three juries was considered to decide the winners.

The **People's Choice Award** was chosen on the basis of the average no. of downloads on Google PlayStore and likes on Instagram Game posters.

# DEVELOPERS STORY

Teknack 2023 provided us with an incredible opportunity to not only learn and gain new skills, but also to showcase our creativity by developing a playable game. The journey to turn our ideas into reality was challenging, but immensely fulfilling. We gained a newfound appreciation for the game development studios that work tirelessly to bring their concepts to life. Participating in Teknack 2023 has left us with a sense of pride and gratitude for the experience and for the chance to compete alongside other talented developers. We are excited to see where our newfound knowledge and skills will take us next on our game development journey.

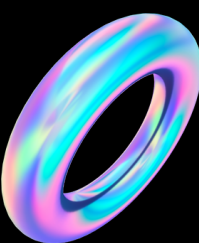

Atharva Patel

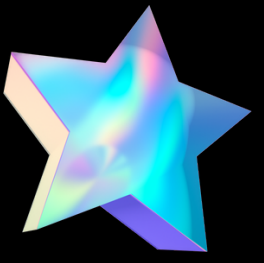

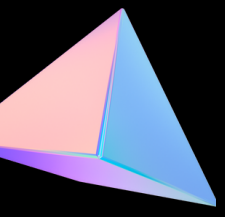

**Burnout Blitz - Best Game UI**

I'm excited to share my experience participating in Teknack where I created a platformer game called 'The Lone Bot'. I spent days creating character models, designing the world, writing scripts, and adding music. Balancing the difficulty of the game was a significant challenge, but I playtested the game numerous times to ensure the difficulty curve was just right. At the Teknack showcase, I was thrilled when I won 'Best Game Concept'. The experience taught me invaluable skills in game development, communication. Looking back, I'm proud of what I accomplished and feel that Teknack provided an excellent opportunity for personal growth and learning. Participating in the event was a great way to challenge myself and create something that I am proud of.

Gaurav Samanta

**The Lone Bot - Best Game Concept**

# DEVELOPERS STORY

My journey in developing a game in Teknack 23 was an exciting and challenging experience. It began with brainstorming and conceptualising the game idea with my team members.

Throughout the development process, we encountered numerous challenges and setbacks, but we were able to overcome them through teamwork and most importantly with the help of our mentors. The process of building something from scratch with a team was both challenging and immensely rewarding.

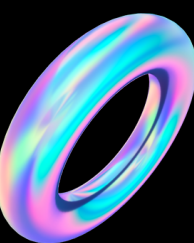

Sanika Chaudhari

**Spacedive - People's Choice Award**

Tecknack 2023 has been an incredible journey, filled with challenges and hard work, but with the support of my cooperative partner and the invaluable resources and guidance from the ACM team, we were able to bring our vision to life. I am grateful for this experience and excited for future opportunities in the world of game development.

Nashrah Ansari

**Skyline Blitz - Best GamePlay**

# ACKNOWLEDGMENT

## **To all the Fathers and Principal :**

We want to express our sincere gratitude for all the support and encouragement you've given us on our journey. Your unwavering support has been instrumental in making Teknack 2023 a massive success. Thank you for being an essential part of our journey.

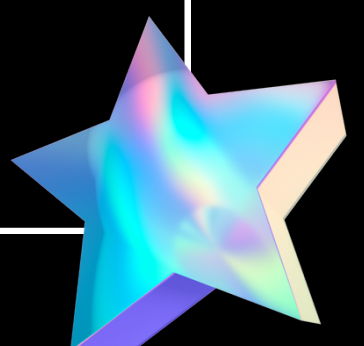

# ACKNOWLEDGMENT

**To Imran Sir :**

(ACM-DBIT Faculty Coordinator)

We would like to express our heartfelt appreciation to you for your unwavering support and guidance. We owe our growth and success to your tireless efforts in supporting the ACM chapter. Sir, you are truly the backbone of the ACM. Thank you for being an inspiring mentor and a guiding force in our journey.

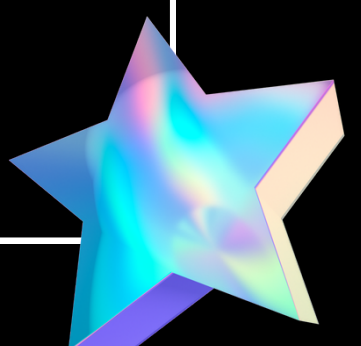

# ACKNOWLEDGMENT

## **To our faculty :**

Your constant encouragement and guidance have been invaluable in helping us achieve our goals, and without your unwavering support, it would have been a difficult task.
