

Insights into total coverage exposure—  
from a partner you  
***know and trust.***

MIB, in partnership with TAI, has developed the only data solution in the industry that delivers insights into both in force and pending application activity.

**Pending applications from MIB**

Nearly **100%** of applied-for policies in the US

**In force data from TAI**

**74%** of all in force policies in the US

## Introducing MIB In Force Data Solutions<sup>SM</sup>

For over 100 years, MIB has been providing unique risk assessment and fraud detection services that the insurance industry relies on. We are proud to continue that legacy with a new portfolio of services that address a key challenge for the life insurance industry—the need to understand an applicant’s total insurance exposure.

**New services offered as part of MIB In Force Data Solutions include:**

**MIB Jumbo Service<sup>SM</sup>** helps carriers and reinsurers proactively manage the risk of jumbo treaty breaches

**MIB Total Line<sup>SM</sup>** empowers underwriters to assess insurance exposure at the time of application
