# A NEW EARTH

Planet Earth and humanity are experiencing The Great Shift of Consciousness,  
The Great Awakening into Unity Consciousness.

Mother Earth is returning to be a sacred planet, and is taking the entire human  
population with her (whoever wants to go).

It's a golden age beyond our wildest imaginations.

# CURRENCY SHIFT

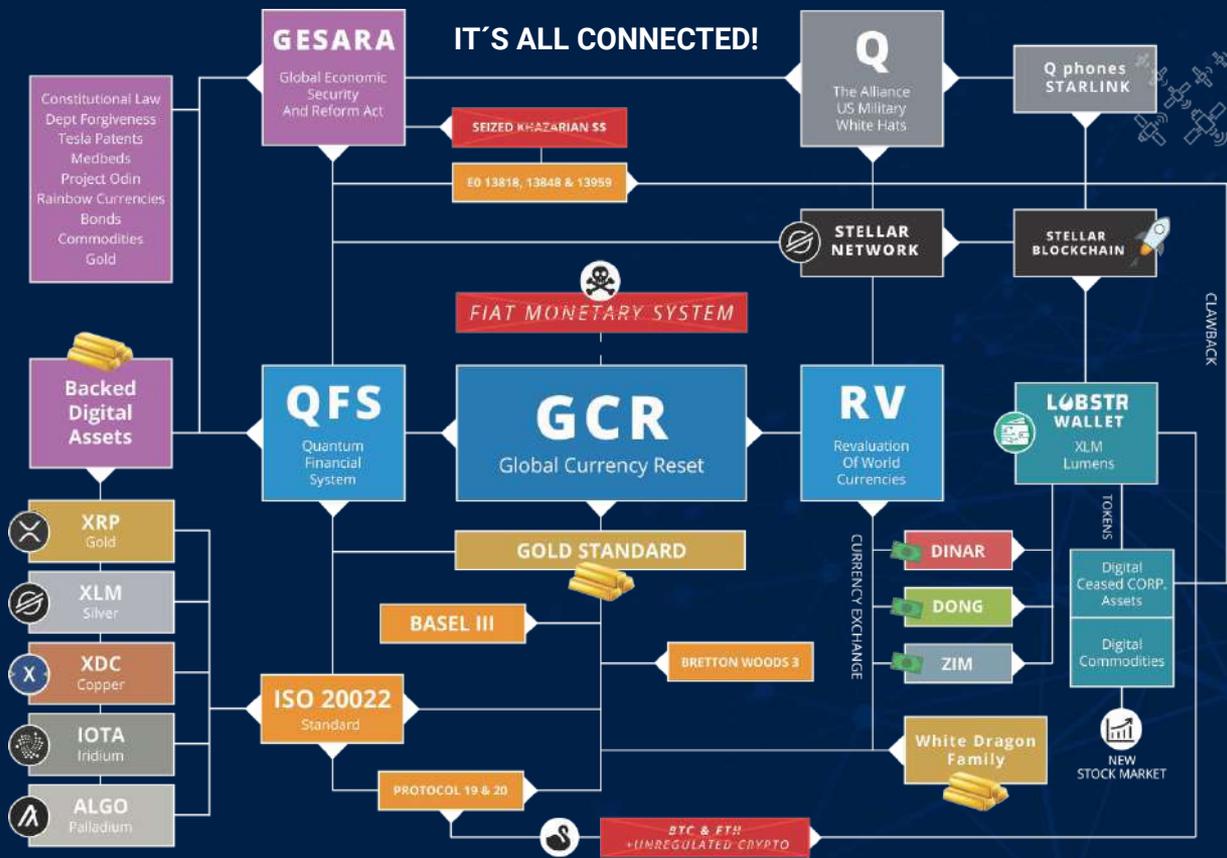

It's all about who is running the financial system!

DARK TO LIGHT

# FROM DARK TO LIGHT

Powerful, history-making changes for you and all of planet earth!  
The greatest distribution of wealth the world have ever seen.

# THE NEW FINANCIAL SYSTEM

# A DEAD OLD SYSTEM

- We are never going back to the old monetary system
- No more printing of money from thin air
- All existing fiat money is being replaced
- The Central Bank system will no longer be owned by the Federal Reserve
- The entire old Cabal debt slavery Financial System is dead!
- No more paper (fiat) notes
- No more SWIFT
- No more monetary slavery!

As we Exchange our old Fiat currencies for the new Gold backed currencies, we are, in effect exchanging the entire old Cabal debt slavery Financial System for a brand new, QFS Gold backed Financial System.

# GCR - THE GLOBAL CURRENCY RESET

Gold/Precious Metal Standard & Nesara/Gesara.

Two different factors for the GCR Event:

- **Factor 1:** The RV (the revaluation of world currencies)
- **Factor 2:** The Quantum Financial System

In order for rainbow currencies, bonds, or ISO20022 assets to start moving in value, physical precious metals must first undergo a revaluation!

Once their new valuation is set, the weight of Basel III + Bretton Woods 3 compliance will bring legitimacy to everything else, triggering ISO20022 regulation.

# GOLD STANDARD (asset backed currencies)

- Physical and digital assets
- Independence from existing centralized system(s)
- All other systems will be obsolete

- The exchange currencies: Iraqi Dinar, Vietnamese Dong and Zimbabwe ZIM.
- Stellar Network - Bringing banking to the unbanked worldwide. Developed to help ALL of humanity! Linked to the RV. Military OP.

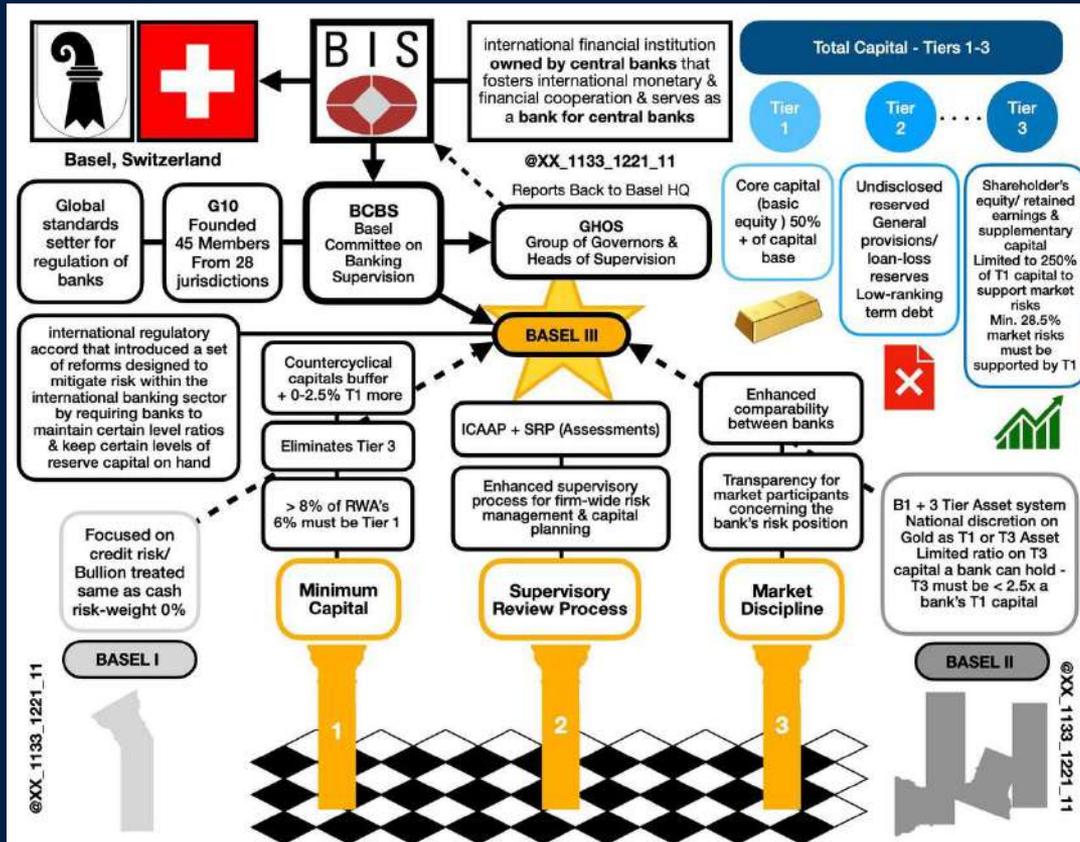

# Basel III

- A worldwide standard that enhance the international banking regulatory framework, greatly improving risk management and promoting transparency
- Gold moving from Tier 3 Asset to Tier 1, which allows physical gold in bullion form to be counted at 100% value for reserve purposes
- Because of the financial collapse from 2007-2009, Basel III was introduced
- International regulatory framework for banks
- Deadline at the 28th June 2021
- The requirement that banks must maintain a minimum capital amount of 7% in reserve
- Require banks to hold unencumbered physical gold valued at 100%
- This will make banks less profitable, because they can no longer earn money on the interest rate

# Basel III

# Bretton Woods 3

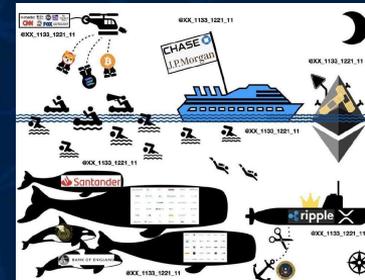

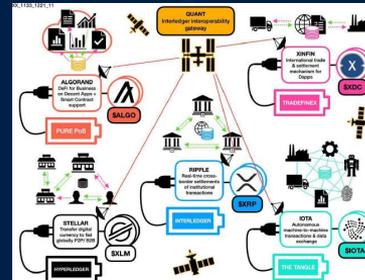

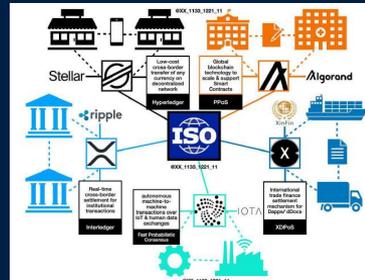

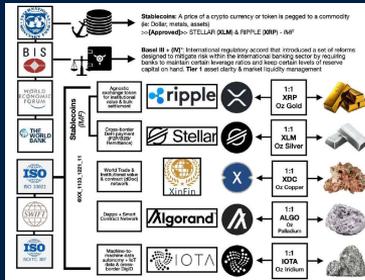

*The Bretton Wood 1 agreement was set in 1944, when the USD was set as the world reserve currency, where you could hold US Dollar and convert them into physical gold with a ratio of 35\$ for 1 ounce of Gold. In 1971 Nixon stopped the convertibility of dollars into Gold, and took the monetary system off the Gold Standard introducing the FIAT system, moving in to BW2.*

- BW3 = A move back from FIAT to commodity based monetary system where currencies needs to be backed
- With BW3 - The US Dollar is no longer being set as the world reserve currency
- According to Credit Suisse BW3 started in march 2022 when sanctions and freezing of their USD reserves started to rain on Russia for invading Ukraine
- The death of USD FIAT = The death of Euro

“Bitcoin is nothing more than a string of digital codes, and its returns mainly come from buying low and selling high. (...) In the future, once investors' confidence collapses or when sovereign countries declare bitcoin illegal, it will return to its original value, which is utterly worthless.”
