

# Foundation Essentials

Nextthink Professional Services Data Sheet

Gain self-sufficiency in record time. With Foundation Essentials, our team of experts enables you to rapidly achieve your goals using our proven methodology for long term success.

Foundation Essentials' subject matter experts deliver prescriptive training and step-by-step guidance to help you meet your milestones and continuously demonstrate the value of Nextthink.

Partner with our dedicated team to fast track your priority value case through a series of instructor-led workshops and enablement sessions tailored to your business needs.

At the end of your scope, the technical training, best practices, and customer success plan and value tracker will be your foundation for self-sufficiency and continued success.

“

*We've had Nextthink for just over a year now and our IT teams rely on it heavily... I could go on for many examples, but just to say we consistently get value from our Nextthink implementation.”*

## Key Benefits

- Faster time-to-value with proven methodology and expedited value cases
- Greater long-term success with expert guidance tailored to your business needs
- Prevent budget overruns with outlined costs upfront
- Gain self-sufficiency through knowledge transfer and best practices
