## Replacement parts packages

A = Filter package B = Expanded replacement parts package C = All-inclusive replacement parts package

Item no.	Description	Assembly / optional package	A/B/C
010	compressor	compressor	C
020	oil sump heating	compressor	B
030	oil differential pressure switch	compressor	B
040	set of filter mats (5 pieces)	evaporator	A
050	air cooler	evaporator	C
060	expansion valve housing	evaporator	C
070	expansion valve upper part	evaporator	B
080	control unit (Siemens)	control system	C
090	cold air blower	recirculation air fan (evaporator)	C
100	liquefier	liquefier	B
110	temperature sensor PT100	liquefaction pressure	B
120	pressure gauge	liquefaction pressure	C
130	frequency converter	cold air fan	B
140	motor protection thermistor	heater	B
150	solenoid valve	solenoid valve	B
160	solenoid valve coil	solenoid valve	B
170	filter dryer	dryer	B
180	pressure limiter	safety element	B
190	pressure transmitter	safety element	B
200	safty pressure limiter	safety element	B
210	electronic contol valve	control cabinet	C

All relevant replacement parts are available in our warehouse. Delivery times and prices are available on request. Click here to send us your order or enquiry directly:
