

# Anthony Adamski

## Senior Product Designer & UX Engineer

I've been assisting companies design and develop user interfaces for over 7 years. I specialize in end to end product creation with demonstrated skills in user experience, UI design, product ownership, and writing scalable and maintainable frontend code.

I've won multiple awards from organizations such as **Propertybase** and **Leading Real Estate**, been an integral part of rapid company acquisitions, and am constantly striving to improve my skills to create products that enhance the lives of others.

### WORK EXPERIENCE

**Enable** (Oct 2020 – Current)

Head of Product & Design **Promoted**

- Created end-to-end product experience for mobile/desktop (UX > UI > Code)
- Created and maintained product roadmap and schedule
- Ran user testing sessions with Fortune 500 companies for product iteration
- Led product discussions with angel investors and VC's for investment rounds

Senior Product Designer

- Created design system that is used for core product experience
- Created multiple prototypes to lay groundwork for enable v2 and v3
- Worked directly with founder to align business goals with product vision

**Propertybase** (April 2016 – October 2020) (Acquired)
