

## Getting Started with 1x1 Meeting System

### Logging In, Overview, Profile Setup and Setting Availability with Meeting Mojo

Meeting Mojo is the platform where you will be scheduling virtual 1x1 meetings during the BioCentury/BayHelix East West Biopharma Summit.

To get the most out of this system, it is important to take a few minutes at the beginning to set up. The platform will automatically pick meeting times based on your availability, so it is extremely important to let the system know when you are available. It's also worth taking a moment to set up your Company's profile so that other attendees will be able to find you more easily in Meeting Mojo.

Follow the instructions below to get started with the Meeting Mojo platform.

### Logging in

When you first sign up for the 1x1 Conferencing System (Meeting Mojo) you will receive 2 emails: A **Welcome** email with a special login token, and confirmation email from Eventbrite.

#### The Welcome Email has:

- Sender: BioCentury <[donotreply@meeting-mojo.com](mailto:donotreply@meeting-mojo.com)>
- Subject: The BioCentury-BayHelix East-West BioPharma Summit Digital Platform access

If you do not see them in your inbox, please check your spam or junk folder; if the email is here please be sure to whitelist it to ensure that you receive any follow-up meeting notifications.

1. Click the **token** (link) in your Welcome email to go to the Meeting Mojo platform directly. Seeing your name at the top right indicates you are logged in.

(**Note:** Using the token link, you will not be asked for an email and password. If you have misplaced the link, just click on “forgot password”, enter in your email address, and you’ll be sent a new token link that can be used for logging in).

Delegates that are attending in-person on will be able to book face-to-face meetings from 9 a.m. to 5 p.m. on Nov. 15 and 9 a.m. to 5 p.m. on Nov. 16.
