She became a certified acupuncturist in 2017. Since 2015 she has been working in her own practice with an emphasis in TCVM and chiropractic medicine in the south of Germany. She treats mainly horses, dogs, and some cattle.

## CVA PROGRAM OVERVIEW

The course begins with an overview of fundamental aspects of Chinese Medicine, including *Yin-Yang* and Five Elements theory, which serve as a foundation for case diagnoses and treatment presented later in the class. A variety of acupuncture techniques are taught, including electro-acupuncture, aqua-acupuncture, moxibustion, etc. in addition to conventional "dry" needling. Three track options are available – each offering 43 ATF Hours: small animal, horses and mixed practice (which includes both small animals and horses). In acupoint labs, students learn acupuncture points on dogs, horses or both dogs and horses depending on the selected track.

Chi's hands-on acupoint labs and low student-to-instructor ratio ensure you gain the confidence to start practicing acupuncture after the first on-site session.

The course is presented in 2 online sessions and 3 hybrid sessions. Each hybrid session includes two segments: online and on-site. Online segments include lectures and case demos that students can stream at their convenience. On-site segments give students the opportunity to learn acupuncture points on live animals in small acupoint lab groups of four to six students per instructor. The on-site segment of this course is located in Zwiefalten, Germany.

**Class is limited to 20 students for an intensive & intimate learning experience**
