Computer Engineering
Report on - Photoshop Workshop

Title: *Photoshop Workshop*

Date: 14th August 2024

Time: 11:15 am to 1:15 pm

Venue: Computer Centre 1 & 2

Target Audience: S.E., T.E. & B.E.

No. of Participants Present: 49

No. of Girl Participants Present: 21

No. of Boy Participants Present: 28

Resource Person: Mr. Joshua Menezes

Organization of Recourse Person: ACM Student Chapter

Organizing Department / Committee / Authority: ACM Student Chapter

Faculty Coordinator: Ms. Priya Kaul

Objectives:

- ❖ To introduce students to the Photoshop interface and essential tools used in design projects.
- ❖ To teach students the fundamentals of layers, blending options, and other key Photoshop features.
- ❖ To assess and identify potential candidates for the Assistant Design Head position and the design team.

Outcomes:

- ❖ Students gained hands-on experience in creating a promotional poster using Photoshop tools.
- ❖ Participants developed a strong understanding of key design concepts, such as layers and blending options.
- ❖ Potential candidates for the Assistant Design Head and design team roles were identified based on their performance during the workshop.

Detailed Report:

ACM-DBIT organized a Photoshop workshop on the 14th of August 2024, aimed at providing students with essential design skills and knowledge of Photoshop tools, crucial for their upcoming projects and roles within the design team.

The workshop commenced promptly at 11:15 AM in the Computer Centre, with Mr. Sahil Davkhar, the Creative Head, taking the lead. Mr. Davkhar began by introducing the students to the Photoshop interface, explaining the various menu options and toolbar configurations. He covered key tools such as the Lasso tool, Quick Selection tool, Slice tool, Eyedropper, Healing and Clone Stamp tools, Magic Eraser, Gradient, Sharpen, and Dodge Burn tools, along with the Text and Shapes tools.

Following this introduction, Mr. Davkhar delved into the concept of layers and blending options, highlighting features like Stroke, Shadow, and Color Gradient Overlay. His detailed explanations provided the students with a solid understanding of how to manipulate images and create dynamic designs using Photoshop.

Subsequently, Mr. Daryl Raj, another key speaker, took over the session. He guided the participants through a hands-on activity where they learned to create a promotional sports car poster. Throughout the activity, both Mr. Davkhar and Mr. Raj shared valuable design tips and tricks, enriching the students' learning experience.

This workshop also served as a platform to identify candidates for the position of Assistant Design Head and other roles within the design team. The interactive and practical nature of the workshop allowed the participants to demonstrate their skills and creativity effectively.

The session concluded with a felicitation ceremony, where Mr. Joshua Menezes, the Chairperson of ACM-DBIT, presented certificates and tokens of appreciation to both speakers, Mr. Sahil Davkhar and Mr. Daryl Raj, for their contributions to the workshop. The attendees were also given certificates for their participation.

This Photoshop workshop not only equipped the students with essential design tools but also provided them with the opportunity to showcase their abilities, preparing them for future responsibilities within the design team.
