Your California Privacy Rights.

California residents may opt out of having their personally identifiable information shared with third parties for those third parties' direct marketing purposes by contacting us as described in the “Contact” section. Some web browsers may transmit “do-not-track” signals to the websites and other online services with which a user communicates. There is no industry standard that governs what, if anything, websites should do when they receive these signals. Galantis currently does not take action in response to these signals.

Under California Civil Code Section 1798.83, if you are a California resident and your business relationship with us is primarily for personal, family or household purposes, you may request certain data regarding our disclosure if any, of information to third parties for the third parties' direct marketing purposes. To make such a request, please send an email to privacy@Galantis.com with "Request for California Privacy information" in the subject line. You may make such a request up to once per calendar year. If applicable, we will provide to you via email a list of the categories of information disclosed to third parties for their direct marketing purposes during the immediately-preceding calendar year, along with the third parties' names and addresses. Please note that not all personal information sharing is covered by Section 1798.83's requirements.

How to Control Identifier Settings.

You can control how these identifiers are used, including the ability to reset them, through your device settings.

Galantis may work with third-party advertisers that use cookies and similar technologies to provide more relevant advertising about Galantis Products and Services on our websites and across the internet. To provide this 'interest-based advertising', the parties combine non-personal data about your online activities acquired over time, which help cater advertising that we deliver to you. Examples of this may include a Galantis advertisement on a Facebook page, or a Google-owned page such as a search results page or YouTube, or on a site within Google's advertising network. We do not share your personal information as part of this process. Where necessary we obtain your consent to this process. At all times, you can opt out of these personalized ads from third-party advertisers and ad networks who are members of the Network Advertising Initiative (NAI) or who follow the Digital Advertising Alliance's Self-Regulatory Principles for Online Behavioral Advertising by visiting the opt-out pages on the NAI websites and DAA websites. Opting out may make the ads you see across the internet less relevant to you.

If you have opted out of receiving communications from us, we will not use your email for interest-based advertising. If you have any questions about the use of your personal information, please send an email to contact@littleempiremusic.com.

Galantis may modify or update this Policy when necessary to reflect customer feedback and changes in our Galantis Products and Service. Please review it regularly. When we update this Policy, we will revise the 'Last Update' date at the top of the Policy. If there are material changes to the Policy or in how Galantis uses your personal data, we will notify you either by posting a notice of such changes before they take effect or by directly sending you a notification. We encourage you to regularly review this Policy to learn more how Galantis is using and protecting your information.

COOKIES AND TRACKING TECHNOLOGIES

We use cookies and similar technologies like pixels, tags, web beacons, and other identifiers to help us personalize our websites for you, remember your preferences, understand how users are using our websites or app, and help customize our marketing offerings.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive. This helps us to provide you with a smooth browsing experience and allows us to improve our Site and provide you with tailored content and advertising.

Most web browsers allow you to control cookies through their settings preferences. However, if you limit the ability of websites to set cookies, you may impact your overall user experience. Some browsers offer a "Do Not Track" ("DNT") signal whereby you may indicate your preference regarding tracking and cross-site tracking. Although we do not currently employ technology that recognizes DNT signals, we will only process your personal data in accordance with this Policy. A persistent cookie remains on your hard drive after you close your browser. Persistent cookies may be used by your browser on subsequent use of the Services. Persistent cookies can be removed by following your web browser's directions for removal of cookies. A session cookie is temporary and disappears after you close your browser. You can reset your web browser to refuse all cookies or to notify you when a cookie is being sent. However, some features of the Service may not function properly if cookies are disabled. For more information on managing cookies, please go to www.allaboutcookies.org, or visit www.youronlinechoices.eu which has further information about behavioral advertising and online privacy.

Legal Basis for Data Processing.

We process personal data for the purposes set out in this Policy, as described above. Our legal basis to process personal data includes processing that is: necessary for the performance of the contract between you and us (for example, to provide you with the services you request and to identify and authenticate you so you may use the Site); necessary to comply with legal requirements (for example, to comply with applicable accounting rules and to make mandatory disclosures to law enforcement); necessary for our legitimate interests (for example, to manage our relationship with you and to improve the Site); and based on consent by our customers (for example, to communicate with you about our products and services and provide you with marketing information), which may subsequently be withdrawn at any time (by using preference settings in emails or on our Sites, using this form, or emailing us as set out in the Contact section) without affecting the lawfulness of processing based on consent before its withdrawal.

We may use automated decision-making technologies, including profiling, to support our data processing activities. Our automated decision-making capabilities include logic that attempts to identify artists, music, communications, products, or offers that we believe may interest you. By using this logic, it helps us personalize your interactions with Galantis. For you, this means that you may see online advertisements, direct marketing communications (if you have subscribed), or other advertising or marketing messages or special offers based on your activity on our Sites or interactions with Galantis or our third-party partners.

In some instances, you may be required to provide us with personal data for processing as described above, in order for us to be able to provide you to use all the features of the Site.
