

Cut costs and increase security with a site license

Save 35% on licensing*

*Average savings compared to purchasing individual seat licenses.

Streamline deployment

No more picking and choosing who gets Dashlane or keeping track of seat usage: Upgrade to a site license and roll out Dashlane to everyone, all at once.

Secure your entire organization

With a site license, each employee gets a Dashlane account so you can rest assured that your organization's data is secure—down to each individual password.

Ensure employee adoption

Get access to dedicated training and onboarding specialists,* so your team can get up and running in no time.

*For organizations with 50+ expected plan members

Reduce IT support overhead

Thanks to unlimited seats and dedicated support, your IT team can enjoy fewer help desk tickets and more time to focus on other projects.

With a site license, everyone enjoys:

- ✔ Encrypted data storage
- ✔ Seamless password management
- ✔ Dark Web Monitoring
- ✔ Password Generator
- ✔ Secure sharing
- ✔ SSO
- ✔ And more!

The power of password management

80%

The percentage of breaches caused by weak, reused, or stolen employee passwords

\$4.35 Million

The average cost of a data breach

291 Hours

The number of hours an IT member saves per year with a company-wide password manager
