

# CS WIN nx<sup>®</sup> VISION TEST (incl. HCT) / VISION ASSEMBLY

The structured CS WIN nx<sup>®</sup> test software with various equipment packages offers high customized functionality and ensures test applications with a maximum of efficiency.

## CS WIN nx<sup>®</sup>

### – Standard

This is the standard software used for all types of test system. It comprises all standard editors required for cable test systems. The software can be used for cable testing with the CT45 cable tester, and for the Ethernet I/O control of digital IOs. All data of the CS WIN can be imported.

This version can also be used to edit the CT15 - CT30ix cable testers.

#### Package content:

CS WIN nx, Control system, Label printing, Multiple language feature, Editor for cable tester, CS WIN nx user manual, File import from CS WIN 16, Import and export SQL database, Edit, Connector images, Measurements, Cable tester CT45.

### – Vision System

All Vision test algorithms (fuses, relays and labeling).

#### Package content:

Vision Systems

### – Height Control Test

Verifying the insertion depth of fuses and relays (only in combination with Vision system).

#### Package content:

Vision Systems height control (HCT)

## CS WIN nx<sup>®</sup> Vision Test (incl. Height Control Test)

Standard	Art. no.: 401465
Advanced	Art. no.: 401466
Vision System	Art. no.: 401470
Height Control Test	Art. no.: 401553

### – Vision Assembly

Assembly display without test.

#### Package contents:

Vision Systems, CS WIN nx

## CS WIN nx<sup>®</sup> Vision Assembly

Vision Assembly	Art. no.: 401889
