

## BR-11-003 Westfield over IWC Canal

### PROJECT DETAILS

This project will replace the existing bridge over the Canal at Westfield Blvd. with a new single-span threesided arch bridge, railings and a sidewalk. The existing concrete bridge base will remain intact. The work will also repair and stabilize the northwest canal bank. Construction should begin in Winter 2022 with completion expected in Summer 2023. This project is coordinating with the Broad Ripple Avenue closure to ensure Broad Ripple remains accessible throughout each project.

The Indianapolis Department of Public Works (DPW) continues to transform Indianapolis neighborhoods through the restoration of deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as addressing neighborhood drainage and flooding issues. This investment continues to transform neighborhoods throughout Indianapolis.

These projects create local jobs and increase public safety for neighborhoods and residents, which supports DPW's commitment to make Indianapolis a more livable city.
