- To provide a platform for students to showcase their designing skills.
- To create a competitive environment and encourage students to improve their designing ability and quality of work.

Outcomes:

- To motivate students to put forth greater effort that can result in high levels of performance.
- To bring out the students' creative expression.
- To spark innovation, foster a user-centric mindset.

Report:

ACM organised a ***Digital Poster Making Competition*** with an intention of promoting ACM's technical flagship event Teknack 2022 as well as to provide a platform for students to showcase their talents and creative ideas. The opening date of the competition was 22nd March, 2022 and the closing date was announced as 27th March 2022. Students from all over DBCL were eligible to participate in this competition. Registration for this competition was free of cost so as to gain a maximum amount of participation. A total of 11 students participated.

Participants were expected to design the poster in an A4 size format.

Topics for the competition were :

1. Teknack/Gaming.
2. Technological Innovation.
3. Sports.
4. Awareness.

The criteria for judging was based on Concept & Content, Creativity, Theme, and Neatness & Perfection. The jury members for this competition were Mr Hariharan Iyer(ACM - Design Head), Mr Surya Venkat and Mr Philecy Philip. Participants were asked to submit their furnished posters on a google form link which was provided to them. Winners were awarded with cash prizes to appreciate their creativity and efforts. The break-up of the prizes were as follows, the first place winner was awarded with a cash prize of Rs 300, second with Rs 200 and the third with Rs 100 respectively. All the participants were provided with an e-certificate of participation.

Participants' Posters were displayed on the computer department notice board. A post featuring the winners was put up on the official ACM Instagram handle felicitating their work.

WINNERS :

1st place - Shawn Vaz

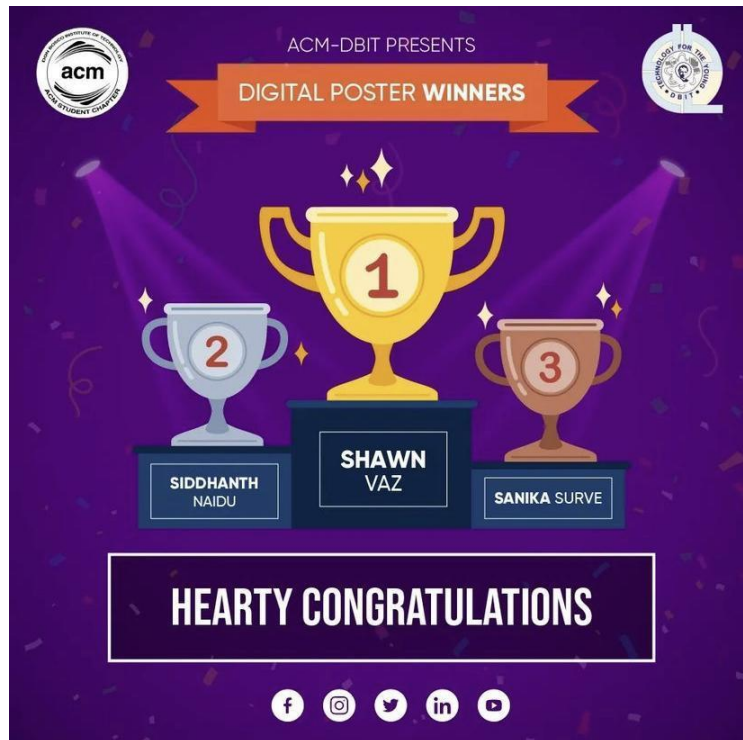

2nd place - Siddhanth Naidu

3rd place - Sanika Surve
