

# Polyurea Coatings

## Product Line:

### **Elastochem® PU**

Low viscosity, two part polyurea systems. Hardness range 80A-55D

### **Elastochem® TB**

Truckbed coatings, hardness range 80A-55D

### **Elastochem® FR**

Flame Resistant systems

### **Elastochem® APU**

Aliphatic Systems, U.V. stable

## Benefits of Polyurea

- Coating dries in seconds
- Fast cure, no oven or bake time
- Excellent bond strength
- Chemical and corrosion resistant
- Unlimited thickness
- No VOCs

## Common Applications

- Tank coatings & linings
- Pipe, pipeline coatings & linings
- Manhole & sewer linings
- Bridge Coatings
- Truck bed liners
- Railcar lining & track containment

### ***Superior Strength and Protection***

Polyurea coatings are durable and resistant to extreme environments, can withstand high abrasion, impacts and heavy mechanical loads, and will last for decades. We manufacture a vast range of coatings in a variety of densities, colours and applications.
