4.1 An 'invitation-only' system applies. The Ambassadors' Network (see Article 5), Ammodo and a wider group of well-informed professionals in the field of socially and ecologically responsible architecture identify Projects within the three Categories for consideration for an Award. Ammodo invites the individuals and/or teams who are responsible for the Projects thus identified to apply for an Award.

4.2 Projects from around the world can be submitted. An Applicant may submit more than one Project per edition, but in each edition only one Project by the same Applicant can win an Award.

- 4.3 In the year following the edition in which a Project has been granted an Award, the individual or team responsible for the Project cannot submit an Application.
- 4.4 Members of the board of Ammodo (**Ammodo Board**) and staff of Ammodo, members of the Advisory Committee and members of the Ambassadors' Network cannot be an Applicant.
- 4.5 The Application must be signed by or on behalf of a legal entity or the natural person who is responsible for (the creation of) the Project and who, in case the Award is granted to the Project, will confirm in writing that they are bound by these Award Regulations (the **Administrator**). If, in the Categories *Social Engagement* and *Social Architecture*, the Applicant is a collective or a multi-disciplinary design team, then the architect, landscape architect or urban planner who is part of the team, has to be the Administrator.
- 4.6 The Application must be submitted via Ammodo's online portal (the Portal) in English no later than the closing date set by Ammodo. An Application is deemed to have been submitted if the Applicant has received an acknowledgement email. If the Application is not submitted before or on this date, the Application will not be considered.
- Article 5** **Ambassadors' Network**

- 8.2 The Advisory Committee will recommend no more than twelve Projects in the *Local Scale* category, no more than twelve Projects in the *Social Engagement* category and no more than two Projects in the *Social Architecture* category. The Advisory Committee has the right to reclassify a Project submitted for any one of the Categories as belonging to one of the other two Categories when assessing the Applications.
- 8.3 If, after due deliberation, the Advisory Committee does not believe they have identified twelve Projects (*Local Scale* and *Social Engagement*) or two Projects (*Social Architecture*) respectively which are suitable for Recommendation then the Advisory Committee may advise the Ammodo Board to grant fewer or no Awards within the Category or Categories concerned.
