Owing to its broad spectrum and high-caliber line-up of speakers, the ORCHEM conference is one of the most attractive organic chemistry conferences in Germany for academic and industrial chemists. It addresses young researchers and students as well as established professionals.

An important feature of the ORCHEM programme are poster sessions where young researchers can present their latest results and discuss these with leading experts.

The ORCHEM 2024 lectures will cover the following areas:

- Physical-organic Chemistry
- Synthesis and Catalysis, including photo- and electrocatalysis
- Theory and data science in chemistry
- Synthesis of complex structures

In 2024 the Emil-Fischer-Medaille will be awarded during a ceremony held at the ORCHEM in Regensburg.

ORCHEM PRIZE FOR YOUNG SCIENTISTS

The *Liebig Association for Organic Chemistry* will confer the ORCHEM Prize to young researchers who have published new, inventive, and landmark results. This prize will be awarded during the ORCHEM 2024.

Nominations or applications with a CV and a short summary of the scientific work must be submitted in electronic form to the Liebig-Association, Dipl.-Biol. Nicole Bürger, n.buerger@gdch.de, until **April 15, 2024**.

POSTER SUBMISSION

We invite you to submit your posters **until June 15, 2024** exclusively via internet at
